

# SAFETY, HEALTH, ENVIRONMENT AND QUALITY POLICY

**PROTECTING THE ENVIRONMENT  
AND THE COMMUNITY IS OUR BUSINESS**

Graham Brown

Robyn Laurenson

As leaders in our field of business sustainability consultants, we provide expert training, auditing and consulting advice to our clients in Australia and internationally. Graham A Brown & Associates pride themselves on providing high quality outcomes for our clients and a healthy, safe and environmentally responsible workplace for our employees, contractors and visitors. Our business management system provides a governance framework for effective control of our activities and business performance.

- Management shall ensure the availability of resources to implement and foster the commitments within this policy as a core business ethos. It is the duty of all personnel to be aware of the requirements of this policy, and to uphold our business values.
- We recognise that the continual improvement of our performance depends upon providing a quality service to our clients by maintaining close working relationships and providing innovative and customised solutions to meet their needs.

## Commitments

We commit to the management of our internal business systems by identifying environmental and safety hazards associated with our activities and integrating consideration for the safety and environment into business planning and operations.

We commit to complying with applicable legal obligations relating to the health and safety of our employees and our environmental performance.

We commit to minimising the environmental, safety and community impacts of our work activities within our office and in the field.

We commit to controlling the quality of our services and products by observing relevant work instructions in our office and during site visits to our clients.
